

YEAST NUTRIENT

NUTRIFERM X

Enhanced thiol expression

	<p>COMPOSITION Ammonium salts, thiamine (0.12%).</p>
	<p>GENERAL CHARACTERISTICS Nutriferm X is a unique yeast nutrient developed on the latest research in the synthesis and expression of thiolic compounds. Its application for the nutrition of yeast fermenting thiolic grapes increases thiol expression, especially 3-mercapto hexanol (3-MH) and 3-mercapto hexanol acetate (3-MHA). Wines produced with Nutriferm X are highly aromatic, with intense note of tropical and citrus fruit and fuller on palate.</p>
	<p>APPLICATIONS Increase thiol expression when used for yeast nutrition in the fermentation thiolic varieties.</p>
	<p>DOSAGE 50 mL/hL 50 mL for Nutriferm X provides 10 mg/L of YAN.</p>
	<p>INSTRUCTIONS FOR USE Place a mixer on the tank of juice ready to inoculate. Once mixer is on, add Nutriferm X while mixing vigorously. Mix exactly for 15 minutes and immediately after, inoculate with the rehydrated yeast. For maximum results Nutriferm X, it is necessary to use it at the recommended dosage and by strictly following the instructions given herein. Please refer to protocol on how to use the product.</p>
	<p>PACKAGING AND STORAGE CONDITIONS 5 kg Sealed package: store away from sunlight, in a cool, dry and well-ventilated area. Opened package: carefully reseal and store as indicated above.</p>
	<p>COMPLIANCE Product approved for winemaking, in accordance with: Liquor products act, act 60 of 1989</p>

DISCLAIMER:

Notwithstanding the terms of this Technical Data Sheet, Enartis South Africa (Pty) Ltd makes no warranties and/or representation in regard to:

1. the correct use and/or application; and/or chemical composition; and/or quality; and/or concentration of Nutriferm X; save as is expressly set out in this Technical Data Sheet; and

The indications given here correspond to the current state of our knowledge and experience, however they do not relieve the user from compliance with safety and protection regulations or from improper use of the product.

2. the lawfulness of the intended use and/or application of Nutriferm X outside of South Africa; and/or any results that may be obtained from that use. It is for the purchaser of Nutriferm X to verify that the use and/or application of Nutriferm X complies with all legal and/or regulatory requirements in any jurisdiction in which any liquor product to which the purchaser has added Nutriferm X is sold by the purchaser, or any other person to whom the purchaser has sold and/or supplied such liquor product.

The indications given here correspond to the current state of our knowledge and experience, however they do not relieve the user from compliance with safety and protection regulations or from improper use of the product.
