

EnartisFerm Q9

ULTIMATE AROMATIC EXPRESSION

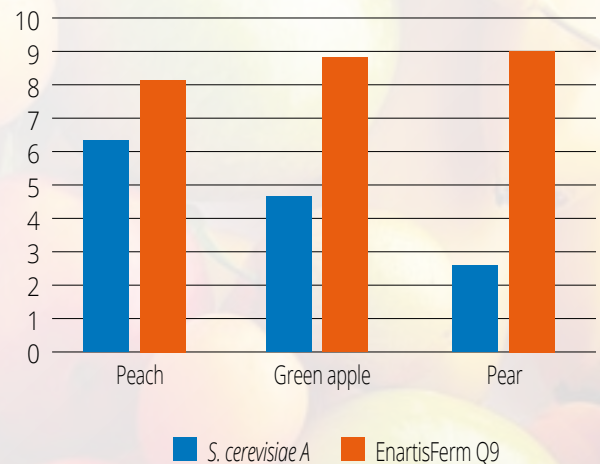

EnartisFerm Q9 is a yeast selected for producing white and rosé wines characterized by an intense, fruity sensory profile from neutral and aromatic varieties.

FEATURES

- High ester production and release of terpenes and norisoprenoids
- Fruity sensory profile characterized by notes of white-fleshed fruit (green apple and pear) and tropical fruit
- High aromatic intensity with complexity and volume on the palate
- Also suitable for aromatic varieties due to its ability to release terpenes and norisoprenoids
- Low producer of acetaldehyde and SO₂
- Also suitable for sparkling base wines
